Pit -STOP is a one-day training

Question: What part of the training was most helpful to you?

- I really enjoyed today's training. It cemented previous learning.
- Completing the activities with each other.
- I felt pit stop is better for me and the families I work with. This could make a big difference.
- It was great to have an over view of pit stop and learn how to do some of the tasks on a one to one basis.
- The handouts
- To look at the transferable content and delivery if stop into a 1:1 programme
- It flowed nicely from last week's Stop training and was clear to how we could include last week's learnings into 1 to 1 sessions

Question: What did you like most about the training?

- I liked how it showed how to use this 1 on 1 to parents.
- The activities.
- All sessions were good But not for all of my families.
- I liked there was a mix of tasks, discussion and activities.
- How interactive it was
- Face to face, interactive
- Good to have a folder with handouts that we can use in 1 to 1 sessions and a full programme to follow.

Question: What did you like the least about the training?

- Just work load building but that's inevitable.
- N/A x 4
- It was a little slower than the previous training but I think this is to be expected due to the nature of the course being a revisit/transferable knowledge rather than new knowledge
- Not sure

Question: How could the training be improved?

- I really enjoyed it.
- For days in a row so more in a flow.
- All areas were covered to full potential
- N/a x 2
- More treats 😊
- Maybe to have all the training in one week. Then we cannot rush to see all our families in 2 days and can dedicated the week to training.
